

Sugar Buns

My baby's cookin' in the kitchen
I can smell that something special in the air
A special somethin' bakin in oven
Mmmm mmm mmm she knows just how I love em
Sugar Buns
sugar sugar , sugar sugar buns
So sweet and hot , melt right in your mouth – Sugar Buns

She sets em' on the kitchen table
She's says baby, come and get em while their hot
She really knows I love em that way
Mmmmm I could eat em all day

Sugar Buns
sugar, sugar, sugar, sugar buns
So sweet and hot , melt right in your mouth – Sugar Buns

There so delectable, There so incredible,
There unforgettable, very digestable
They're unconventional, and still respectable
Dependable, sexual, ingestible, and edible

Sometimes when I wake up in the morning
My baby brings me breakfast in bed
She don't bring me no coffee. She don't bring me no tea
She knows what it takes.. to satisfy me... Her sugar buns
Her sugar, sugar, sugar, sugar buns
So sweet and hot, melt right in your mouth – Sugar Buns
